

Higher

Croixx

(Could you get me higher?)
(Woah-oh)

Been a long time since I know you
Was breaking my back just to hold you
All of this pain that I've gone through
(Since I've known you)

It's alright, it's okay
Take my heart and walk away
Waste my time and I'll be fine
If I don't look down

Could you get me higher?
Woah-oh
Could you get me higher?
Woah-oh (Yeah)
'Cause its been a long time since you been on my brain
Tell me when you go swear that everything change
You get me higher
Woah-oh

Could never understand all the things you do
Never been a fan of the way you move
Wasting my time put it all on you
It's all you

It's alright, it's ok
Take my heart and walk away
Waste my time and I'll be fine
If I don't look down

Could you get me higher?
Woah-oh
Could you get me higher?
Woah-oh (Yeah)
'Cause its been a long time since you been on my brain
Tell me when you go swear that everything change
You get me me higher
Woah-oh
(You get me higher, higher)

You get me me higher
Woah-oh
