

You Won't Feel The Same

Croixx

I'm doing what I said I would do
The hardest part is it isn't with you
How could I forget
The way you stole my breath
You say you care
You never change
You were never there
So I walked away

I live in fear
That if I see your face
I'd fall in love again
You won't feel the same
You won't feel the same

Scars that won't heal
Now in my head
The way you do me wrong
I can never forget
And I call, and I fall, I don't feel you
Wish I wasted all of my time with the real you

Say you care
Say you
Say you

And I live in fear

You say you care
You never change
You were never there
So I walked away
And I live in fear
That if I see your face
I'd fall in love again
You won't feel the same

You say you care
You never change
You were never there
So I walked away
And I live in fear
That if I see your face
I'd fall in love again
You won't feel the same
You won't feel the same
