

Baby, don't go with him
He's bad news
Can't you see see?
Baby, he'll fuck around
He'll break your heart
It's easy!
(He'll fuck around!)

Baby, you'll fall apart
You do it wrong, right from the start
Baby, you'll come around
I'll go to work that beating heart
Baby, I'll treat you right now
Baby, I'll treat you right now
(Don't fuck around!)

Baby, I'll treat you right now
Baby, I'll treat you right now
(Don't fuck around!)

(Don't fuck around!)

(Don't fuck around!)

(Don't fuck around!)

(Don't fuck around!)

(Don't fuck around!)

Baby, you'll fall apart
He'll do you wrong, right from the start
Baby, I'll come around
I'll go to work that beating heart
Baby, I'll treat you right now
Baby, I'll treat you right now
(Don't fuck around!)

Baby, I'll treat you right now
Baby, I'll treat you right now
(Don't fuck around!)
