

Started out
Looking like everybody else
I wanna be somebody else
I wanna say goodbye to self

Started out big to define
Won't stop till you aren't on my mind
All you need is just a little bit of luck
So, everyone else don't give a fuck

(You)
Are someone else, are someone and I
(You)
Want everybody else just to stop what they're doing now

(You)
Are someone else, are someone and I
(You)
Want everybody else just to stop what they're doin' now

She saw light
(I see gold, I see life, I see cash, I see light)
She saw light
(I see gold, I see life, I see cash, I see light)

She saw light
(I see gold, I see life, I see cash, I see light)
She saw light
(I see gold, I see life, I see cash, I see light)

She saw light
(I see gold, I see life, I see cash, I see light)
She saw light
(I see gold, I see life, I see cash, I see light)

She saw light
(I see gold, I see life, I see cash, I see light)
She saw light
(I see gold, I see life, I see cash, I see light)

And I
Looking like everybody else
Got my name, threw it on a shelf
I'm a little bitter, not like myself, no

Teary eyed doesn't feel the same
Fake friends with their fabricated things
What's left when it all falls apart
When you ruin all your chances, doomed from the start?

Once a night you'll see a light
Shining and stalling only just to fool, oh
Once a night you see a light
Shining and stalling only just to fool, oh
(I see gold, I see life, I see cash, I see light)

She saw light

(I see gold, I see life, I see cash, I see light)
She saw light
(I see gold, I see life, I see cash, I see light)

She saw light
(I see gold, I see life, I see cash, I see light)
She saw light
(I see gold, I see life, I see cash, I see light)

She saw light
(I see gold, I see life, I see cash, I see light)
She saw light
(I see gold, I see life, I see cash, I see light)

She saw light
(I see gold, I see life, I see cash, I see light)
She saw light
(I see gold, I see life, I see cash, I see light)

She saw light
(I see gold, I see life, I see cash, I see light)
She saw light
(I see gold, I see life, I see cash, I see light)

She saw light
(I see gold, I see life, I see cash, I see light)
She saw light
(I see gold, I see life, I see cash, I see light)
