

Mirror Ball

Crooked Colours

(Ooh)
(Ooh-ooh-ooh)

I found love
In the mirror ball
Traded my heart
Just to lose it all

And I've been kind
Yeah, I gave my all
And it's been fine
But I miss you still

And I'll I've been doing there
Is waitin' for you
And all I've been prayin' for
Is a moment of truth, uh
(Ooh)
Uh, uh, uh
(Ooh)

I found love
In the dim lit halls
As days gone by
Days I can't recall

They seem so bright
But I think we all would know
And a coast I'll love
No better cause

(Ooh)
And I'll I've been doing there
Is waitin' for you
And all I've been prayin' for
Is a moment of truth, uh
Uh, uh, uh
