

## Running Blind

## Crooked Colours

I'm so cool  
Look how bad I need you  
Falls through, it's all good  
My shadow of you

And I'm, I'm alright  
Call a ceasefire  
A pressed time, a shoreline  
A tick on my side

I'm so cruel  
I need you  
I'm alright  
Just called a ceasefire

I'm so cruel  
I need you  
I'm alright  
Just called a ceasefire

Come inside, make yourself at home  
Tell me why your body shows  
I stick on, I keep my flow  
Lead me to the shadow

Think I know this tug of war  
It only took a second call  
Now and then I push your hair  
I creep along your narrow

I'm so cruel  
I need you  
I'm alright  
Just called a ceasefire

I'm so cruel  
I need you  
I'm alright  
Just called a ceasefire

Are you sure you need to know?  
Come on in, come in close  
Don't doubt, I won't let go  
Baby, I just need to know

Are you sure you need to go?  
Deep down, I know you know  
Baby, I'm the loving kind  
Take my hand, I'm running blind

I'm running blind, take my hand  
I'm running blind

Are you sure you need to go?  
Deep down, I know you know  
Baby, I'm the loving kind  
Take my hand, I'm running blind

I'm so cruel  
I need you  
I'm alright  
Just called a ceasefire

I'm so cruel  
I need you  
I'm alright  
Just called a ceasefire
