

## Flowers

### Cross Canadian Ragweed

You bring me sunshine  
I bring you rain  
You bring me smiles  
I drive you outta your brain  
You bring me up  
I bring you down  
I bring you flowers  
It brings you around

I know that I  
Am hard to live with  
Try to live with  
Out me girl  
i Drive you crazy, you drive me mad  
We're the best thing we've ever had

You roll your head back  
On your shoulders  
You roll your eyes  
You know it gets to me  
Then we roll back  
All the covers  
We're gonna roll through  
Eternity

Yeah we're the best thing  
Just ask your dad
