

Smoke Another

Cross Canadian Ragweed

Smoke another cigarette
Drink some more booze
Check, check, check, a hey, hey want to
I've got a ringin' in my ear and I'm going deaf
You got a keep on keepin' on 'til there's nothin' left

Roll another number down to Baton Rouge
Check, check, check, a hey, hey want to
Man stumblin', slidin', down to step inside my dreams
Put it all together but it just can't party the scenes

I ain't even got a quarter for the well
I guess all my wishes have fell to hell

Flip another breaker
Crack another fuse
Check, check, check, a hey, hey want to
Gonna make it baby, even if I have to crawl
Gonna hit full speed, even if I hit the wall

I ain't even got a quarter for the well
I guess all my wishes have fell to hell

Smoke another cigarette
Drink some more booze
Check, check, check, a hey, hey want to
I've got to build it all back up
Just to burn it down
Fill it up mister, I ain't got time to hang around
Fill it up mister, I ain't got time to hang around
