

Stranglehold

Cross Canadian Ragweed

Here I come again, now, baby
Like a dog in heat
You tell it's me by the clamor, now, baby
I'll tear up the street,

Well, I been smokin' for so long,
You know I'm here to stay
I got you in a stranglehold, baby
You best get outta the way

The road I cruise is a bitch, now, baby
You know you can't turn me 'round
And if a house gets in my way, baby
Ya know I'll burn it down

You ran the night that you left me,
You put me in my place
I got you in a stranglehold, baby
I'm gonna crush your face

Sometimes you wanna get higher
Sometimes you gotta start low
Some people think they gonna die someday
I got news, ya never got to go

C'mon, c'mon
C'mon, c'mon up
C'mon, c'mon up
C'mon, c'mon up

C'mon, c'mon, c'mon, c'mon, baby
C'mon, c'mon, c'mon, c'mon up
C'mon, c'mon, c'mon, c'mon, baby
C'mon, c'mon, c'mon

The road I cruise is a bitch, now
Ya know ya can't turn me 'round
And if a house gets in my way
You know I'll burn it down

You ran the night that you left me,
You put me in my place
I got you in a stranglehold, baby
I'm gonna crush your face
