

Stomp

Crossin Dixon

It takes guts to mount up
On the back of a big cus
Getting tore up from the floor up
I'm gonna push my luck

Pull the gate and try to make
8 on an earthquake high stakes
That makes your bones ache
Hey hey

And I'm losing all control
You know I'm gonna stomp kick
I gotta get a good grip
Set it off like a rocket, yeah
I'm going to the moon and back again

Baby what a wild trip
I'm crackalacking like a bullwhip
I'll tie it down with a tight fit, yeah
And it's a rock and roll rodeo
You know I'm gonna stomp, yeah

Like a whirlwind, gonna spin chock full of adrenaline
So kick it in, here we go again
Oh like nitro, gonna blow up like pry baby
Before the big show, comin' like a domino
What a way to go

The crowd is losing all control
You know I'm gonna stomp kick
I gotta get a good grip
Set it off like a rocket, yeah
I'm going to the moon and back again

Baby what a wild trip
I'm crackalacking like a bullwhip
I'll tie it down with a tight fit, yeah
And it's a rock and roll rodeo
You know I'm gonna stomp

You know I'm gonna stomp kick
I gotta get a good grip
Set it off like a rocket, yeah
I'm going to the moon and back again

Baby what a wild trip
I'm crackalacking like a bullwhip
I'll tie it down with a tight fit, yeah
And it's a rock and roll rodeo
You know I'm gonna stomp, yeah

Yeah yeah yeah
You know I'm gonna
You know I'm gonna
Stomp
