

# I Can't Keep Up With You

Crowded House

Surprise yourself, you might  
Surprise yourself, you might  
Surprise yourself, you will  
Surprise yourself, you might

Riding on the roundabout  
I am bound to follow you now  
I can hardly catch up from behind  
Forever be the lady in waiting  
You know how to test her patience  
You suffer fools with graciousness abounding

Having trouble keeping up with the neighbours  
She was leaning over all night long  
Won't you get up and play that song  
We all know the tune but not the words

You know I can't keep up with you  
No matter what I try to do  
You know I can't keep up with you  
No matter what I try to do  
I never can keep up with you

Show me something radical  
Dare ka sake? Ai sh teru  
I'm nervous at the start  
Then we got the chemicals

And suddenly you're irresistible  
You're compared to the poet Byron  
And she offered to be your muse  
Well, you can't stop us loving you  
Said the mother and daughter

You know I can't keep up with you  
No matter what I try to do  
I never can keep up with you  
So boring, you're tired and you wanna go home  
Oh no, oh no

Show me something good again  
A case of wine, ich liebe dich  
It's awkward at the start  
And then we saw the animals

I hate to fake my state of mind  
For the keys to your heart  
My mind, my brain, the Marquis de Sade  
Mystified, mistake

You know I can't keep up with you  
I never can keep up with you  
I can't keep up  
I can't keep up  
I can't keep up
