

## Something So Strong

Crowded House

Love can make you weep  
Can make you run for cover  
Roots that spread so deep  
Bring life to frozen ground

Something so strong  
Could carry us away  
Something so strong  
Could carry us today

Turning in my sleep  
Love can leave you cold  
A taste of jealousy  
Is like a lust for gold

Something so strong  
Could carry us away  
Something so strong  
Could carry us today

I've been  
Feeling so much older  
Frame me  
And hang me on the wall  
I've seen  
You fall into the same trap  
This thing  
Is happening to us all

Something so strong  
Could carry us away  
Something so strong  
Could carry us today

Something so strong....
