

Higher Power

Crowder

My people Sunday morning
They ain't just filled they pouring
They cup is overflowing
My people, all God's people

My people got no worries
Faith never in a hurry
My people made for glory
My people, all God's people

Never going down when He's on our side
Never going down

We on that Higher power
We lions not cowards
Put your robe on
We the choir
We champions
Throw the flowers
Higher Power
We stronger
We louder
Put your robe on
We the choir
We champions
Throw the flowers

My people Sunday morning
They don't just fly, they soaring
Living that mercy story
My people, all God's people

My people can't stop singing
They praising floor to ceiling
They thankful for that freedom
My people, all God's people

Higher power
We lions not cowards
Put your robe on
We the choir
We champions
Throw the flowers
Higher Power
We stronger
We louder
Put your robe on
We the choir
We champions
Throw the flowers

Heard folks saying there ain't nothing on the flip side
But we came to flex The Power on the inside
We was down in the mud, ain't know how to stand
Washed clean from the ways we was lost in
Look higher
He for the people in the fire

I know we seen so many things but you still our desire
Gone so many ways but you still our Provider
I hear the whole band drumming
Stop the whole thing
Cause The King gon' be coming
(Aye) King gon' be coming
The beginning of forever and the end of time
This a new life for us
We on God's side (yeah)

We on that Higher power
We lions not cowards
Put your robe on
We the choir
We champions
Throw the flowers
Higher Power
We stronger
We louder
Put your robe on
We the choir
We champions
Throw the flowers

Higher Power
Higher Power
Higher Power
Yeah Higher Power
