

## The Killing Stone

Crown Magnetar

Blankly I embrace my withering  
Unfolding essence my body splits in two  
Embrace my withering

Unyielding in front of my lord  
I close my eyes and chant the call of the noose  
Unable to explain anything at all  
Isolated being I sit alone in this hell  
Caring for something that hates me  
Stuck in a pool of loathing, degrade me  
I look up to the stars at night and just hope that I can be content  
But it never ends and I cannot change it

Beyond this realm  
Of flesh and blood  
The light awaits you  
I hate everything you've ever fucking said to me  
I want you dead  
Stupid fucking bitch

And pull all out that is life

I will not return  
To this world of darkness  
In my dreams this is what's meant to be

I am not a man, just a fucking worthless shell  
I decide my fate for eternity  
In my dreams this is what's meant to be

Bodies stacked, perfection in my tomb  
My sin will rule the earth and strip you to nothing but bone  
I crave the marrow of the holy ones

I am beyond depraved of flowing blood  
I long for the fucking taste of God  
I am beyond deprived of flowing blood  
Agony  
Hate  
Sadness  
Remains forever
