

Weight Of The World

Crown the Empire

You've been doing what you like
Thinking that you're always right
You can hold your breath,
'Cause I won't hold mine

You wouldn't care if it killed me
Misunderstood when you're guilty
No you can bite your tongue
'Cause I won't bite mine

It's all so complicated
The way we're built to break it
I think it's overrated
I'm sick, I'm sick
I'm sick of the weight of the world

I'm so so sick
I'm so so sick

Now you think you've won this time
Thinking life was yours to buy
But you should wonder why
You can't sleep at night

You wouldn't care if it killed me
Misunderstood when you're guilty
No you can bite your tongue
'Cause I won't bite mine
This time

It's all so complicated
The way we're built to break it
I think it's overrated
I'm sick, I'm sick
I'm sick of the weight of the world
Don't need your validation
Your drawn out dedication
I think it's overrated
I'm sick, I'm sick
I'm sick of the weight of the world

I'm so so sick
I'm so so sick
I'm so so sick
I'm so sick

It's all so complicated
The way we're built to break it
I think it's overrated
I'm sick, I'm sick
I'm sick of the weight of the world
Don't need your validation
Your drawn out dedication
I think it's overrated
I'm sick, I'm sick
I'm sick of the weight of the world

I'm so so sick
I'm so so sick
I'm so so sick
I'm so sick
