

Raised By Wolves

Cruadalach

Raised by wolves

He was thrown away like a piece of shit
Left to carry on through the modern world
No direct track no good advice
He was left behind with the wolves

In this world full of mess
Howling to the moon
Survival is success
Every time he wants more

Raised by wolves

Lost in the heaven?
Not in my view
This shit is happening
Not jungle just modern world
Modern world

Raised by wolves in this world of mess
Left to carry on to his happiness
Raised by the wolves howling to the moon
Will he survive or die alone?

In this world full of mess
Howling to the moon
Survival is success
Every time he wants more

Raised by wolves in this world of mess
Left to carry on to his happiness
Raised by the wolves howling to the moon
Will he survive or die alone?
