Going Down

Crucified Barbara

I was feeling kind of dizzy when you
asked me out
I was young and sweet just a month ago
Now I'm old and tired and my skin is pale
Fuck desire, I was born to fall

You took me to a level where I've never been
Reaching even higher everytime we sinned
I'm the one to blame 'cause you were
heaven sent
I'm the one to blame

So watch me now
as I'm going down
I've never been this low
yeah I'm bleeding for you

Baby come and save me
I'm such a mess
Help me inhale now
I'm going down

Every story has to end so I told you
we can only be friends and then I ran away
I'm the one to blame 'cause you were
heaven sent
I'm the one to blame

So watch me now
as I'm going down
I've never been this low
yeah I'm bleeding for you

(I've never been this low)
