

## Sex Action

Crucified Barbara

Ready for a Friday night?  
Damn no this town gonna stand in my way

Getting late I gotta go, I suppose  
Let's save our worries for another day  
Gonna get myself a nasty ride

Sex action you could be the one tonight  
We got sex action  
We do it til we get it right

There are you and here am I  
No bullshit can keep us apart tonight  
Let's save our problems for a rainy day  
Gonna take you on a nasty ride

Sex action you could be the one tonight  
We got sex action  
We do it til we get it right

Ready for a Friday night  
Let's do it til we get it right

Sex action you could be the one tonight  
We got sex action  
We do it til we get it right
