

# The Crucifier

## Crucified Barbara

You close your eyes and pick a target for the night  
Just to still your hunger before daylight  
You take a bite, you spit it out and walk away  
Do you ever wonder why it always taste the same  
You're already dead

I am the crucifier  
I am the crucifier  
You made me what I am  
The moment you stabbed me in the back  
Sweet revenge will come

There was a time when I was innocent and pure  
Now I'm in front of you, blinded by madness  
I'm breaking bad, I'm nothing like before  
You've done me wrong, and I won't take it anymore  
You're already dead

I am the crucifier  
I am the crucifier  
You made me what I am  
The moment you stabbed me in the back  
Sweet revenge

There was a time when I was innocent  
There was a time when I was pure  
Far away from trouble, far away from you  
There was a time when I was innocent  
There was a time when I was pure  
I learned my lesson, I'm no longer insecure  
You've done me wrong, and I won't take it anymore  
You're already dead

I am the crucifier  
I am the crucifier  
You made me what I am  
The moment you stabbed me in the back  
Sweet revenge will come
