

## 3's

## Cruel Hand

Born into debt  
We all owe a death  
There'll be no where to run  
When they come to collect

Your faith existed  
In a painted Jesus  
Does that paint you a picture?  
He did his time  
So god resigned

They always told me  
The worst happens in threes  
Then why's this whole damn world  
On it's knees?
