

## King

## Cruel Hand

One eyed man is a man of the blind  
Sees everything that you can't find  
Did you ever take what's yours  
A one eyed man will take for sure  
A one eyed man will take for sure

Did you ever round nothing left?  
A one eyed man will take the rest  
When its you begging on your knees  
A one eyed man will take from me  
A one eyed man will take from me

See all, take all  
See all, take all  
See all, take all  
See all, take all
