

I don't stop, I load it
Bitches looking at me and they say Santino, men you got the potion
They know I got the jiggle when I roll it
Girls be looking at me and they say, boy yeah, you sexy like the ocean
It feels like I'm floating
Wishing on a well, and baby girl I have you dreaming 'til the morning
I flow to the bank and then I hold it (Hold it)
She say, "Baby how you do it, I cannot believe it's snowing"
Yeah, opps on me 'til morning
We can get away and baby girl I have you singing like Makonnen
Just look at the view baby it's golden
We can stay forever, baby girl, just sip the potion (Yeah, yeah)

I can't, I can't, I can't explain
How it feels rollin' round the city in a rover range shawty
When I dey with you, it feels like novocaine shawty
Never met someone who make me feel this way
No go do you wrong, I no go do mistake
And she say she want the keys to my Bimmer
Bad gyal say "You belong to me", when I'm in her
Bad, bad gyal, natural lip, no be filler
Real freak, no vanilla
Grippin' like gorilla
Swag babe like Conilla
She be fashion killer
M-D-M-A, I dey enjoy
Jùlio, youngest in charge, sabi boy
Naija to London, huh, I been making noise
Met her in Dalston, huh, said she feel di boy
Geek up on a plane, I'm higher than my flight
I don't know her name, I love her for the night

I don't stop, I load it
Bitches looking at me and they say Santino, men you got the potion
They know I got the jiggle when I roll it
Girls be looking at me and they say, boy yeah, you sexy like the ocean
It feels like I'm floating
Wishing on a well, and baby girl I have you dreaming 'til the morning
I flow to the bank and then I hold it (Hold it)
She say, "Baby how you do it, I cannot believe it's snowing"
Yeah, opps on me 'til morning
We can get away and baby girl I have you singing like Makonnen
Just look at the view baby it's golden
We can stay forever, baby girl, just sip the potion
