Fall Down

Crumb

Running low on time
Let me loose, have a cry
Let me breathe, oh my
Lalala lalala

Soaking up the sweat
Till I'm putting you to bed
And you're sleeping like you're dead
Lalala lalala

Walk along the stair
Fall down, say a prayer
Fall down, say a prayer
Fall down, say your prayer

I can't take the heat
When it's busy on the street
When I need it like a fix
Let me in, I'll be quick

Look me in the eye
Feel the temperature arise
I'm the needle on a spine
This is it, you are mine

Someone cry somewhere
Fall down, say your prayer
Fall down, say your prayer
Fall down, say your prayer

You make it easy
To feel no pain
When you are above me
Bathe in the rain
Bathe in the rain
Bathe in the rain
Bathe in the rain
Bathe in the rain
