

Sleep Talk

Crumb

She's moving in
To your home
With all her things

She let go
Of the past
To be with you
Till this lasts
And take it slow

She's moving in
To your home
With all her things

She let go
Of the past
To be with you
Till this lasts
And take it slow

She'll never leave you
Never leave you
She'll never leave you
Never leave you
Never leave
Never leave you
Leave you

Let it go slow, let it go slow
Let it go slow, let it go slow
Let it go slow, let it go slow
Let it go slow, let it go slow
