

# Fight The Knight

Crush 40

My will to fight the knight  
My will to fight the knight  
My will to fight the knight

Will to fight in a world inside its right and I'm alive  
On my own from a world that seems alone and I'm alive  
Will to survive

My will to fight the knight  
My will to fight the knight  
Will to fight the knight

Face the knight in a world of evil light and I'll survive  
On my own, overthrown, yet not alone and I'm alive  
Will to survive

My will to fight the knight  
My will to fight the knight  
My will to fight the knight

Will to try, I will meet you eye to eye and I'll survive  
Dead of night, feel the power, feel the might and I'm alive  
Will to survive
