

You know, every world will have it's end
I'm here to prove it all to you
I am who you don't think I am
All wrapped up in my evil plan

I can taste the day, savor night!
Spells beyond you as I watch you crawl!

Do you dare to fight evil's might?
I'll be the last one standing in a flash of light!

My eyes are filled with curiosity,
You think that you have power over me?
In this life, there's no room for you and me
So turn away or face this day

With me!
Face the day with me!
With me!
Face the day with me!

You know, every world will have it's tests
Don't wait for what I have become!
You know, every world will come to end
And I'll, I'll create your final rest

I can taste the day, savor night!
Scream your dreams as you dare to fight, dare to fight!

My eyes are filled with curiosity,
You think that you have power over me?
In this life, there's no room for you and me,
So turn away or face this day

With me!
Face the day with me!
With me!
Face the day with me!
With me!
Face the day with me!
With me!

I can taste the day, savor night!
Scream your dreams as you dare to fight, dare to fight!

My eyes are filled with curiosity,
You think that you have power over me?
In this life, there's no room for you and me,
So turn away or face this day

With me!
Face the day with me!
With me!
