

Deliverance

Cryonic Temple

I keep on driving into the dark night
In a lost world, all alone
Haunted by memories from a fading past
These nightmares are always coming back so fast

What is reality? Who is after me?
Pain and pressure
Suffocation

Deliverance from torment
Stand up and fight, never surrender
Deliverance from evil
Stand up and fight, never give up

Scavengers pray for those in need
In a world ruled by fear and greed
I continue fight them one by one
Mission everlast, until I die

What is reality? Who is after me?
Pain and pressure
Suffocation

Deliverance from torment
Stand up and fight, never surrender
Deliverance from evil
Stand up and fight, never give up

Searching for my redemption
Searching for my salvation

Deliverance from torment
Stand up and fight, never surrender
Deliverance from evil
Stand up and fight, never give up
