

The Room

Cryoshell

I lie awake to make it away from you
I roam about the room at night
Can't you see I'm wandering away from you
The human eye has been slightly unprepared

Watch me fall
Watch me crawl

There's a room that I can't find
A place I can't demystify
I cry sometimes
But the stains won't wash away
I'm afraid to close my eyes
'Cause my dreaming heart won't fortify
Where are you now?
Won't you, won't you just...

Your arms protect me from the dead of night
A real embrace to tuck me in
The lingering smell of you just feels so right
'Cause in my sleep, I'm yours to keep, you're here

There's a room that I can't find
A place I can't demystify
I cry sometimes
But the stains won't wash away
I'm afraid to close my eyes
'Cause my dreaming heart won't fortify
Where are you now?
Won't you, won't you just die?

There's a room that I can't find
A place I can't demystify
Where are you, now?
Won't you, won't you just die?

There's a room that I can't find
I'm afraid to close my eyes
