

Beauty in the Beast

Crystal Ball

Pain holy friend
Fills my well with black rain
Rise in this guise
When will I compromise

How can I understand?
How can I comprehend? How?

Longing for, the Beauty in the Beast
Breathing in, the Beauty in the Beast
Fighting for, the Beauty in the Beast
Rape me and set me free
Set me free

Hail to the one
That will guide me thru hell
This sacred tool
That will rule kings and fools

How can I understand?
How can I comprehend? How?

Longing for, the Beauty in the Beast
Breathing in, the Beauty in the Beast
Fighting for, the Beauty in the Beast
Rape me and set me free
Set me free, set me free

How can I understand?
How can I comprehend? How?
Tell me how?
You set me free

Longing for, the Beauty in the Beast
Breathing in, the Beauty in the Beast
Fighting for, the Beauty in the Beast
Rape me and set me free

I can see, the Beauty in the Beast
I respect, the greatest and the least
Who's the one, the sinner or the priest
The Beauty in the Beast
In the Beast
