

Crysteria

Crystal Ball

We took you too long for granted
So unaware of your worth
A symphony so enchanted
Perfect cure for all of earth

No matter what you went thru if you don't believe
We do
No matter what you went thru be yourself
Stay yourself
Stay true

So understand
If you take my hand
You can follow this Mysteria
Go all the way
Now and every day
You're be sure to feel CRYSTERIA

Together we stand united
We'll be seduced by a tune
Follow the cause uninvited
Where evil dwells we'll stay immune

No matter what you went thru if you don't believe
We do
No matter what you went thru be yourself
Stay yourself
Stay true

So understand
If you take my hand
You can follow this Mysteria
Go all the way
Now and every day
You're be sure to feel CRYSTERIA

Rising up to find
CRYSTERIA
The power to rewind
CRYSTERIA
Leaving fear behind
CRYSTERIA
Rising up to find
CRYSTERIA

Disciples of the lie let there be reason
Disciples of the lie forget your thoughts of treason
