

Déjà-Voodoo

Crystal Ball

My eye caught the shore
Shook me to the core
Now it's clear that
Eve seen all of this before

My world is no more turning
Everything's on hold
There's an inner yearning
This memory feels so bold - like gold

Déjà-vu (déjà-vu) Déjà-Voodoo
The echoes of time coming breakthrough
Déjà-vu (is it true) Déjà-Voodoo
Destiny's rendezvous

Wanna know so much more
Like what is in store
There are so many signs
that I can't ignore

Is it any wonder
Or just in my brain
Release the spell that I'm under
All repeats again - insane
