

## Soul Mate

Crystal Ball

I wonder where you were tonight  
You should be here right by my side  
But you were nowhere in sight

Your love is killing me inside  
You ask me: "do you feel alright?"  
After all we left behind

Don't be afraid  
You're still in my head

You're my soul mate  
It's a true state  
Don't hesitate  
And heaven will wait

You know I don't need no advice  
You know I don't need any lies  
Shut up, you better think twice

Maybe one day you'll realize  
And you will see it in my eyes  
I love you real with all your smiles

Don't be afraid  
You're still in my head

You're my soul mate  
It's a true state  
Don't hesitate  
And heaven will wait  
You're my soul mate  
It's a true state  
Don't hesitate  
And heaven will wait

You're the one who made a stand  
I just had to make you mine  
Here I am, you're just my friend  
Is this the end?

You're my soul mate  
It's a true state  
Don't hesitate  
And heaven will wait  
You're my soul mate  
It's a true state  
Don't hesitate  
And heaven will wait  
You're my soul mate  
It's a true state  
Don't hesitate  
And heaven will wait
