

## Symphony of Life

Crystal Ball

Like the new grains need the water  
Every baby needs his mum  
Like the children need the shelter  
All the flowers need the sun

Feel the spirit of the summer  
So enjoy and have some fun  
And your life is in its prime time

Writing on the symphony of life  
Of your life  
Writing on the symphony of life  
Of your life  
Just to feel alive

Like the trees are casting shadows  
Understand hits the soul  
Like the children fear the darkness  
So afraid to lose control

Feel the frostiness of winter  
When the sun has long gone down  
Final movement of creation
