

## Birds

## Crystal Castles

Expose them to the air  
Drag them by the hair  
If you ask I'm feeling fine  
Malignant to benign

Show up throw up into the womb  
Show up throw up into the womb  
Show up throw up into the womb  
Show up throw up into the womb

Each breath is but a sigh  
She never bat an eye  
It's not polite to stare  
Wool spun from her hair

Show up throw up into the womb  
Show up throw up into the womb  
Show up throw up into the womb  
Show up throw up into the womb

Obedient and shy  
With button nose and eyes  
Recoil at his prayer  
I'm biased to be fair
