

# The Fire Of Hades

Crystal Eyes

Long ago I saw tomorrow drift away  
like a whirlwind on the ocean  
Left alone to walk the island of decay  
like a blind man led to nowhere

I let it go, I let it go  
After all I've found a way  
from the hammer of the Gods  
to the power of the dark  
And the road goes on and on

I'm coming for the fire of Hades  
My eternal paradise  
I'm coming for the fire of Hades  
Where the tempter calls my name  
I surrender my soul as a final sacrifice

Over mountains roar the sound of yesterday  
like a last cry of the mourner  
Round and round inside the broken wheel of pain  
with no light or destination

I let it go, I let it go  
After all I've found a way  
from the hammer of the Gods  
to the power of the dark  
And the road goes on and on

I'm coming for the fire of Hades  
My eternal paradise  
I'm coming for the fire of Hades  
Where the tempter calls my name  
I surrender my soul as a final sacrifice

I'm coming home sailing on the last rays of the sun  
I'm coming home from the empty world beyond  
Hear me now I'm coming home  
on the wind of silence to the flames  
And the road goes on and on  
And the road goes on and on and on

I'm coming for the fire of Hades  
My eternal paradise  
I'm coming for the fire of Hades  
Where the tempter calls my name  
I surrender my soul as a final sacrifice
