

The Lord Of Chaos

Crystal Eyes

From the abyss of Hell they have come
A reign of darkness awaits
Caught in fire our kingdoms are gone
Damned to burn is our fate

The time of the mortals
has come to the end
The final destruction
of man now ascends

Flames of Hades are burning wide
as the age of death arrives
Held in iron hands of doom
we face the Lord of chaos

Clouds of terror have darkened the earth
Only ruin remains
Genocide of the whole human race
We are bound to be slain

Shadow-demons casting souls
into the fires of Hell
There's no return. Down we go
to burn in torment forever
