

Runnin'

Crystal Fighters

(I keep on runnin', runnin', runnin', runnin'
I keep on runnin', runnin', runnin', runnin'
I keep on runnin', runnin', runnin', runnin')

Diamonds in the rough
Ten thousand miles apart
Yeah I'm never giving up
On our temple made of gold (24 carats)
Crystals in the rock (Crystal Fighters)
Ten weeks on the road (Round the world)
Dripping through the line
Seven rainbows till we're home

So when the sun gets low
And the people get loved
And I know I never felt so alive
Yeah build it all up
Just to let it all go
I'm never gonna leave the dream, I'm so high

I keep on runnin', runnin', runnin', runnin'
Never gonna leave the dream, I'm so high
I keep on runnin', runnin', runnin', runnin'
Never gonna leave the dream, I'm so high
Runnin', runnin', runnin', runnin'

Mountains in my mind
Take me to the other side
Where I can see the stars (Shining bright)
Yeah they got me through the night (Every night)

Getting so high on my freedom
Live for today in the moment
Ain't no way that we can slow down
Yeah yeah yeah, yeah
Getting so high on my freedom
Live for today in the moment
Ain't no way that we can slow down
Yeah yeah yeah

So when the sun gets low
And the people get loved
And I know I never felt so alive
Yeah build it all up
Just to let it all go
I'm never gonna leave the dream, I'm so high

I keep on runnin', runnin', runnin', runnin'
Never gonna leave the dream, I'm so high
I keep on runnin', runnin', runnin', runnin'
Never gonna leave the dream, I'm so high

(I keep on runnin', runnin', runnin', runnin'
I keep on runnin', runnin', runnin', runnin')

We bump that magic got me showing off, showing off
We get this feeling 'cause we so in love, so in love

We feel addicted till we tear apart, tear apart
Adn we won't stop, we keep on runnin', runnin', runnin', runnin'

So when the sun gets low
And the people get loved
And I know I never felt so alive
Yeah build it all up
Just to let it all go
I'm never gonna leave the dream, I'm so high

I keep on runnin', runnin', runnin', runnin'
Never gonna leave the dream, I'm so high
I keep on runnin', runnin', runnin', runnin'
Never gonna leave the dream, I'm so high
I keep on runnin', runnin', runnin', runnin'
(Never gonna leave the dream, I'm so high)
I keep on runnin', runnin', runnin', runnin'
(I keep on runnin', runnin', runnin', runnin')
