

After the Best

Crystal Gayle

You were the one true love for me
You gave the best of your heart so easily
But it won't be easy now that we're through
For someone like me to find somebody new
Cause after the best, only the best will do

We had the best of times for so long
How could the best of intentions go so wrong
Where will I go, what will I do
It's so hard to imagine me without you
Cause after the best, only the best will do

There'll never be another to take the place of you
There's no use denying, there's no use in trying
Only the best will do
I know it's sad but it's true

I've got the rest of my life to try
To leave the best of my life behind
It won't be easy, I know it's true
It's so hard to imagine me without you
Cause after the best, only the best will do
Cause after the best, only the best will do
