

All I Wanna Do in Life

Crystal Gayle

You've been right, and I've been wrong
I've been weak, and you've been strong
You've been good, and I've been bad
Think I've had enough of that

Cause all I wanna do in life is to love somebody with all of my
might

All I wanna do in life is to love somebody with all of my might

I love the days, you love the nights
I love to love, you love to fight
I talk to you, you're far away
And it gets harder everyday

Cause all I wanna do in life is to love somebody with all of my
might

All I wanna do in life is to love somebody with all of my might

I wish you could be a friend of mine
I wish you could learn to play with time
You say I dream my life away
If I do, well that's okay

Cause all I wanna do in life is to love somebody with all of my
might

All I wanna do in life is to love somebody with all of my might

Cause all I wanna do in life is to love somebody with all of my
might

All I wanna do in life is to love somebody with all of my might

Cause all I wanna do in life is to love somebody with all of my
might

All I wanna do in life is to love somebody with all of my might
