

# Don't Go My Love

Crystal Gayle

What a beautiful gift a hug can be  
When there's someone to receive it  
What a beautiful sound is honesty  
When there's someone to believe it

I use to say that I didn't leave  
A love that I could keep  
But I've spent too many nights alone  
Crying myself to sleep

So don't go my love  
Woo-hoo, my love  
I need you more than ever before  
Woo-hoo, don't you go, my love

What a sweet surprise to have  
That only fools would severe  
But it's worth all the blues that we've been through  
That love could last forever

And when I think of all the times  
Love almost slipped away  
I know I need you so much more  
That words could ever say

So don't go my love  
Woo-hoo, my love  
I need you more than ever before  
Woo-hoo, don't you go, my love

So don't go my love  
Woo-hoo, my love  
I need you more than ever before  
Woo-hoo, don't you go, my love

So don't go my love  
Woo-hoo, my love  
I need you more than ever before  
Woo-hoo, don't you go, my love

So don't go my love  
Woo-hoo, my love  
I need you more than ever before  
Woo-hoo, don't you go, my love
