

Easier Said Than Done

Crystal Gayle

I tell myself that it's over
But that's as far as I get
'Cause I don't wanna believe it
And my heart can't accept it yet
Now that the lovin' has ended
The hurt's just begun
I try to make it without you
But it's easier said than done

All of my well meanin' friends
They give me free advice
And I've listened to them
Tried it their way once or twice
They told me go ahead girl
Get out and have some fun
But they neglected to say
It was easier said than done

If all that you felt was desire
Why did you say it was love
How could you start such a fire
Leaving me here to get burned
To chalk it up as a lesson learned

I guess in time I'll forget you
I know I'm sure gonna try
And baby someday I bet you
I won't feel this urge to cry
Til the day I can look back
And know my battle's been won
I don't mind nobody knowin'
It was easier said than done

Til the day I can look back
And know my battle's been won
I don't mind nobody knowin'
It was easier said than done

I guess in time I'll forget you
I know I'm sure gonna try
And baby someday I bet you
I won't feel this urge to cry
Til the day I can look back
And know my battle's been won...
