

On Our Way to Love

Crystal Gayle

I remember the first time I saw your face
Was a moment that time could not erase
And I remember the moment your eyes met mine
Simple words never seemed so hard to find

Just holding you next to me
Who'd have thought this could ever be
Well here I am, just take my hand
And we'll grow together

Yes, we're on our way to love
I can feel it in my heart and it's written in the stars above
Just take my hand and we'll hold on tight
It can't be wrong when it feels so right
Yes, we're on our way, on our way to love

I cherish every moment that we share
And it feels so good just knowing you'll be there
I know our love can stand the test of time
We'll put our hearts together and baby we'll make that climb

I know that I've never been so alive
Glad you came into my life
With all that we feel it's just got to be real
We belong together

Yes, we're on our way to love
I can feel it in my heart and it's written in the stars above
Just take my hand and we'll hold on tight
It can't be wrong when it feels so right
Yes, we're on our way, on our way to love
