

## Liberty

Crystal Kay

Can you hear the voice of life  
Ev'ry moment on your side  
Do you hear the voice of life  
Listen to the sound of liberty

Someday you'll see in your life  
The pain inside true love  
It's like the rain on the day  
You were waiting to see your best friend  
But don't lose your heart  
Keep the love just the way it is  
Don't be afraid someday you can free  
Your heart and love

Can you hear the voice of life  
Ev'ry moment on your side  
Do you hear the voice of life  
Listen to the sound of liberty

Someday you'll feel in your hands  
The power of liberty  
It's like a stream at your feet  
You never see  
Till you're feeling down  
So don't lose your faith  
Take the love just the way you like it  
And don't hesitate

Someday we'll free our soul with love

Can you hear the voice of life  
Ev'ry moment on your side  
Do you hear the voice of life  
Listen to the sound of liberty

Can you hear the voice of life  
Ev'ry moment on your side  
Do you hear the voice of life  
Listen to the sound of liberty
