

# Beloved

## Crystal Lake

You are the coward  
You'll never find it if you don't sacrifice yourself for this  
Do you realize how many times you lost it  
Not so sure it always comes back to you  
You can say that easily  
But that doesn't make any sense  
Did you ever wonder why it stays with you  
Even though it's got sick and tired of your words

Can you see me?  
Can you feel me?  
Can you hear me  
I scream  
'Cause it's not meant to be

Your existence is shattering like the broken glass  
Bring it back to me again  
Bring it back to me

I'm trying to hold you back  
But you're slipping through my hands

I scream your name to take back those days  
They will never come back  
The memories got faint  
I'm afraid to lose you again  
You're slipping through my hands

I'll never let you go  
This time we won't fall down  
I'll never let you go

Getting down to my knees and pray to God  
Bring it back to me again  
Bring it back

I'll never let you go
