One More Heart

Crystal Lewis

Wanting for so long to let love in The notion almost left behind But here I am with a longing inside Opened up only to find

R:

There's room for one more heart To beat inside my own So come in and make yourself at home There's room to take a chance On one more brand new start There's room for one more heart

Lonliness had tossed within An ocean of unending time But there you are with your arms opened wide Waiting for our love to shine

R:

When you arrived like an angel from afar There was room for one more heart In the shape of everything you are
