Crystal Stilts

We're courting dreams
We're snorting dreams
We're courting dreams
For distorting time
To disturb the procession
Preserved in our mind

Preserved in our mind
Preserved in our mind
Preserved in our mind

Strange memories of death
Catastrophes of nostalgia
In arenas I rest
As reveries form battalions
Chattering chasms
Chortle fountains of hymns
Spew mangled scenes that
Sear mountains of skin

Mountains of skin
Fountains of hymns
Fountains of hymns

We're courting dreams
For distorting time
To disturb the procession
Preserved in our mind
Disturbing our mind
Disturbing in our mind

We're courting dreams
We're snorting dreams
Distorted dreams
We're courting dreams
We're courting dreams
We're snorting dreams
Distorted dreams
We're courting dreams

We're courting
We're snorting
Distorted
We're courting dreams
Dreams
