

## Asenath Waite

Crystal Viper

I can't see her, but she's there  
I'm locked down with dizzy visions  
I am hypnotized and dazed  
She's like living malediction

Take her off my mind!  
Then it's over  
Get my body back!  
Let me out!

She'll exploit my weakened mind  
I'm a hostage trapped in madness  
She's pure evil on a hunt  
How to take that evil force down?

Take her off my mind!  
Then it's over  
Get my body back!  
Let me out!

Don't know if I'm still myself  
Accursed place, mental confusion  
There's a presence in my head  
I'm not mad! It's not a delusion!
