

## Tell Me Why

Crystal Viper

People think I'm crazy act like a fool  
Try and understand me I break all the rules  
Not because I'm lazy got plenty to do  
All that is happening to me is out of my hands don't you see  
Try and see just how I feel

Tell me why you're gettin' at me  
You won't even try to tolerate me  
Maybe I am crazy livin' a lie

Sometimes I feel so sorry what can I do  
I can only give back what I'm given by you  
You can't start to worry is all I can say  
Your turn tomorrow my turn today  
All that has happened to me is out of my hands don't you see  
You will know just how I feel

Tell me why you're gettin' at me  
You won't even try to tolerate me  
Maybe I am crazy livin' a lie

Tell me why you're gettin' at me  
You won't even try to tolerate me  
Maybe I am crazy livin' a lie

So far as I remember I've been this way  
Don't think about tomorrow, live for today  
I might sound defeatist its my state of mind  
Anger frustration is driving me wild  
All that has happened to me is out of my hands don't you see  
You will know just how I feel

Tell me why you're gettin' at me  
You won't even try to tolerate me  
Maybe I am crazy livin' a lie
