Under Ice

Crystal Viper

Always cold
With no light
Without the sky
Eternal white
Land of snow
Touched by frost
Iced are the hills
The arctic dream

Why their fate was so cruel?
Is this land forever lost?

Frozen secrets under ice
What's out there and who could survive?
With no seasons, days, or nights
Frozen world hidden under ice

Do they want to be found?
No signs for us
Just icy ground
We're too weak to go there
Cold arctic air can hurt like blade

Why their fate was so cruel?
Is this land forever lost?

Frozen secrets under ice
What's out there and who could survive?
With no seasons, days, or nights
Frozen world hidden under ice
