

## Passion

## Crystal Waters

I walk to the club, I run away to be alone  
I walk thru the cradle of the people I know  
I'm afraid that I'm the only one  
Scared my people won't over come  
My baby don't care, my baby don't care  
They sell those guns right there in the evening sun

Will someone tell me  
Where's the passion  
(How long do you think we'll go on?)  
Sincerity (How long do you care?)  
Where's the passion  
(How long do you think we'll go on?)  
Sincerity (How long do you care?)  
Am I wrong, am I alone  
Let's wake up move on, hey

I walk thru the hood  
I search for hope I've never known  
I walk thru the years, my forefathers' songs are sung  
They thought that we would be free by now  
I see their eyes, oh how we let them down  
My baby don't care, my baby don't care  
They shot that boy before the night was done

Will someone tell me  
Where's the passion  
(How long do you think we'll go on?)  
Sincerity (How long do you care?)  
Where's the passion  
(How long do you think we'll go on?)  
Sincerity (How long do you care?)  
Am I wrong, am I alone  
Let's wake up move on, hey

Where's the passion  
(How long do you think we'll go on?)  
Sincerity (How long do you care?)  
Where's the passion  
(How long do you think we'll go on?)  
Sincerity (How long do you care?)  
Am I wrong, am I alone  
Let's wake up move on, hey

How long must I hold on?  
'Cause I'm sure tired of just getting by  
When will our minds meet, when will the flag fly  
'Cause I'm sure nough  
Well I sure nough tired, how long?, how long?

How long do you think we'll go on?  
How long do you care?

Where's the passion • Sincerity...

Where's the passion • Sincerity...

How long do you think we'll go on?  
How long do you care?...

Where's the passion • Sincerity...
